Dear Lew,

Please find enclosed a \$10 bill, this is to cover my payment to the 8<sup>th</sup> Virginia Chapter Dues 2014.

I hope that you guys of the chapter over your side of the pond are all ok, although age is catching up with you all.....

I am one of many from over here in England who believe that had not you Yanks (GI's) come to these distant shores to help us kick butt over there in Fortress Europe, things would have been so much different now & I would not have even been born!!!!

This is why I support BG's & Chapters such as you have over there in Virginia. I also maintain the 384<sup>th</sup> Memorial at Graton Underwood & a Lancaster crash site memorial. The old USAAF airfield at Grafton Underwood is where the very first USAAF mission took place from on August 17<sup>th</sup> 1942, yup, this is where it all began. And it makes me proud to keep the memorial site clean & tidy & to give up my time for free.....

As you know Lew, I am also Cold War Museum UK Liaison for Berlin & I have contact with HQ over there in the States. I collect archive footage & memorabilia from WWI-WWII & the Cold War & I have started to go around old peoples sheltered housing entertaining them. They love it & cannot wait for me to return.....

I hope that both you & Lillie are well,

Best wishes to you all from England.

Kevin.
